DESCRIPTION

The Halon Inground & Stair lights offer durable, architectural illumination suitable for both deck and concrete surfaces. Available in solid brass or stainless steel, they provide long-lasting performance with integrated LED technology and a warm 3000K glow. With an IP67 rating, Halon is built to withstand the elements while delivering reliable, low-profile lighting for pathways, steps, and outdoor environments.

REPLACEMENT WARRANTY

*3 Years

CARE INSTRUCTIONS

Do not use strong liquid cleaners, Wipe clean with a dry cloth, Aluminium, Brass and Stainless Steel will naturally oxidised and change overtime. Exterior products require regular four (4) monthly cleaning and maintenance to ensure they do not accumulate dirt or other environmental deposits. Wipe the product with a mild detergent and warm water to remove surface deposits. Rinse with fresh water and wipe dry with a soft cloth. An extra temporary protection barrier of water displacement oil can help to maintain the surface, such as WD40, sprayed onto a soft cloth and rubbed onto the surface.
