DESCRIPTION

The Lenox wall light is a contemporary design featuring two integrated LED light sources—an adjustable spotlight for focused illumination and a soft backlight emitted from behind the slim linear element. Each light source is independently controlled via two separate switches on the canopy, allowing flexible lighting control. Available in black or white with a warm 3000K colour temperature, Lenox is ideal for modern interiors.

*3 Years

CARE INSTRUCTIONS

Do not use strong liquid cleaners, Wipe clean with a dry cloth, Aluminium, Brass and Stainless Steel will naturally oxidised and change overtime. Exterior products require regular four (4) monthly cleaning and maintenance to ensure they do not accumulate dirt or other environmental deposits. Wipe the product with a mild detergent and warm water to remove surface deposits. Rinse with fresh water and wipe dry with a soft cloth. An extra temporary protection barrier of water displacement oil can help to maintain the surface, such as WD40, sprayed onto a soft cloth and rubbed onto the surface.
