PRIMO Black

SKU:SG70570BK

The Primo is a round, surface mounted high quality exterior (IP65) fitting with an aluminium body, UV stabilised polycarbonate diffuser. The housing of this SG fitting is cast from high quality aluminium, chemically and electrostatically cleaned before the dry powder polyester coat is applied. This rigorous finishing process ensures that this fitting will look like new for many, many years. The UV stabilised polycarbonate diffuser aids excellent light distribution, with superior vandal resistance. The exposed screws are all stainless steel. The high IP rating (IP65) also demonstrates just how hardy and weatherproof this fitting is. Ideally use with energy saving LED globes. Primo has a textured matt finish.
